

Fishing — Get Hooked

Students discover how to identify common species of trout, learn to tie basic fishing knots, and practice fly casting in the safety and comfort of their home.

Grade: Middle School

Standards Supported

Next Generation Science Standards:

MS-ESS3-3. Apply scientific principles to design a method for monitoring and minimizing a human impact on the environment.

MS-LS4-5. Gather and synthesize information about technologies that have changed the way humans influence the inheritance of desired traits in organisms.

Ocean Literacy Principles:

Principle 6. The ocean and humans are inextricably interconnected.

Subsection G. Everyone is responsible for caring for the ocean. The ocean sustains life on Earth and humans must live in ways that sustain the ocean. Individual and collective actions are needed to effectively manage ocean resources for all.
