

## Blubber Glove Data Sheet

### Hypothesize:

If we insulate the glove with \_\_\_\_\_, then I will be able to keep my hand in the cold water the longest.

### Test:

Type of Insulation	Temperature of water (Fahrenheit)	Temperature inside the Glove (Fahrenheit)	Change in temperature (Fahrenheit)
No blubber (bare hand, control)			
Shortening			

### Analyze:

Was your hypothesis supported? Why or why not?
